SUMMARY OF AUDIT FINDINGS
---------------------------

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

Number of standards exceeded:	
3	<ul style="list-style-type: none"> <li>• 115.18 - Upgrades to facilities and technologies</li> <li>• 115.31 - Employee training</li> <li>• 115.64 - Staff first responder duties</li> </ul>

#### Targeted Inmate/Resident/Detainee Interviews

58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	6
--	---

As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".

<p><b>59. Enter the total number of interviews conducted with youthful inmates or youthful/juvenile detainees using the "Youthful Inmates" protocol:</b></p>	<p>0</p>

<p><b>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/detainees).</b></p>	<p>Based on information obtained from the PREA Questionnaire, reception and classification documentation, interviews with both staff and inmates and tour observations, this auditor made the determination that there were no youthful inmates being housed at this facility within the last 12 months or during the onsite portion of the audit.</p>
<p><b>60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</b></p>	<p>1</p>

## SITE REVIEW AND DOCUMENTATION SAMPLING

### Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: discussions related to testing critical functions are expected to be included in the relevant Standard-specific overall determination narratives.

<p><b>84. Did you have access to all areas of the facility?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
---	---

### Was the site review an active, inquiring process that included the following:

<p><b>85. Reviewing/examining all areas of the facility in accordance with the site review component of the audit instrument?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p><b>86. Testing and/or observing all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., intake process, risk screening process, PREA education)?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p><b>87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p><b>88. Informal conversations with staff during the site review (encouraged, not required)?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>

<p><b>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</b></p>	<p>This auditor was granted unimpeded access to the SWRJ Duffield Facility and conducted a comprehensive tour throughout inmate living and work areas. Observations made are as follows:</p> <p>There were Privacy and PREA audit notices posted in the lobby of the front entry, the booking area and inmate housing activity areas. This auditor did inquire with both staff and offenders as to how long these notices had been posted and received appropriate responses.</p> <p>Interactions were made with offenders in each housing unit toured and all offenders were questioned pertaining to their knowledge of how to report sexual abuse. Most offenders questioned could explain methods available to self-report sexual abuse or harassment demonstrating that the reporting techniques had been institutionalized and made a common practice.</p> <p>The intake and booking areas were toured and this auditor asked pertinent questions, observed the PREA video and had staff to walk me through the intake screening process.</p> <p>Staff announced members of the opposite sex entering the housing unit, demonstrating that the practice had been institutionalized. Offender cells and dayroom areas appeared clean, well lit and provided unobstructed views for security staff. Shower areas were located in the front of the housing unit and did have privacy curtains in order to allow inmates to disrobe and bathe in private.</p>

**Documentation Sampling**

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<p><b>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
--	---

<p><b>91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</b></p>	<p>This auditor conducted a comprehensive review of facility documentation submitted by the Agency PREA Coordinator during the 1st phase of the audit. During the onsite portion of the audit, all investigative files for allegations of sexual abuse or sexual harassment were reviewed as well as corresponding Medical and Mental Health follow up documentation.</p>

**SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY**

**Sexual Abuse and Sexual Harassment Allegations and Investigations Overview**

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual abuse</b>	9	1	9	1
<b>Staff-on-inmate sexual abuse</b>	0	0	0	0
<b>Total</b>	9	1	9	1

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual harassment</b>	2	0	2	0
<b>Staff-on-inmate sexual harassment</b>	0	0	0	0
<b>Total</b>	2	0	2	0

## Sexual Abuse and Sexual Harassment Investigation Outcomes

### Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for "convicted.") Do not double count. Additionally, for question brevity, we use the term "inmate" in the following questions. It was also taken into consideration that the SWRJ Duffield facility deploys an extensive video monitoring system that aides in the supplementation of staffing levels. The video monitoring is conducted by housing unit control rooms that are manned 24 hours per day. This was verified by daily duty rosters.</p> <p><b>Staffing Ratios:</b>  Total number of Staff per shift: 40 (Day) 21 (Night)  Total daily average number of inmates: 442  Total number of Housing Units: 18  Total number of Inmates housed in each unit: 50 to 80  Total staff to offender ratio: 1:20  Total Staff assigned to each housing unit: 1 to 2 according to number of inmates housed and the security level of the housing unit.</p> <p>Based on the review of the SWRJ Duffield Facility Annual Staffing Plan Review Memorandum, daily duty rosters and interviews with the PREA Coordinator, the facility PREA Compliance Manager and the Superintendent, it was determined that the facility was making a best faith effort to comply with standard 115.13 to protect inmates from sexual abuse and sexual harassment.</p> <p>Review of Standard Operating Procedure 12.12 Staff Training and observation during the onsite portion of the audit verified that supervisors conducted unscheduled unannounced rounds in an attempt to identify and deter staff sexual abuse and harassment.</p> <p><b>Documentation and other materials reviewed to determine compliance:</b></p> <ul style="list-style-type: none"> <li>• Annual Staffing Memorandum</li> <li>• Daily Duty Rosters</li> <li>• Housing Log Books</li> <li>• Onsite Observations</li> </ul>

Furthermore, during offender interviews, inmates did confirm that staff of the opposite sex announced their presence when entering housing units and that they felt comfortable verifying that this portion of the standard had been institutionalized.</p> <p>Standard Operating Procedure 12.10 Searches of Inmates and facility provides clarification that the facility does not conduct cross-gender strip searches or cross-gender visual body cavity searches except in exigent circumstances and does not examine transgender or intersex inmates for the sole purpose of determining their sex.
