## Facility AUDIT FINDINGS

### Summary of Audit Findings

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

#### Number of standards exceeded:

2

- 115.18 - Upgrades to facilities and technologies
- 115.61 - Staff and agency reporting duties

#### Number of standards met:

43

#### Number of standards not met:

0

## INTERVIEWS

### Inmate/Resident/Detainee Interviews

#### Random Inmate/Resident/Detainee Interviews

<b>53. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:</b>	25
<b>54. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)</b>	<input checked="" type="checkbox"/> Age <input type="checkbox"/> Race <input type="checkbox"/> Ethnicity (e.g., Hispanic, Non-Hispanic) <input checked="" type="checkbox"/> Length of time in the facility <input checked="" type="checkbox"/> Housing assignment <input checked="" type="checkbox"/> Gender <input type="checkbox"/> Other <input type="checkbox"/> None

<p><b>55. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?</b></p>	<p>The total population on the 1st day of the onsite audit was 816. 638 Male Inmates and 178 Female Inmates. This auditor conducted 25 random interviews by identifying inmates from the facility Inmate Roster. Inmates were chosen based on the gender, age, length of time and housing assignment of the inmate in an effort to ensure that at least 1 inmate from each housing unit to included the intake area was interviewed.</p>
<p><b>56. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p><b>57. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):</b></p>	<p>No text provided.</p>
<p><b>Targeted Inmate/Resident/Detainee Interviews</b></p>	
<p><b>58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</b></p>	<p>15</p>
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
<p><b>59. Enter the total number of interviews conducted with youthful inmates or youthful/juvenile detainees using the "Youthful Inmates" protocol:</b></p>	<p>0</p>

<p><b>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/detainees in this category:</b></p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/detainees.</p> <p><input type="checkbox"/> The inmates/detainees in this targeted category declined to be interviewed.</p>
<p><b>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/detainees).</b></p>	<p>This auditor conducted a thorough review of previous Inmate Housing Assignment Rosters during the 12 month audit cycle. These Rosters contained the birthdates of each inmate.</p>
<p><b>60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</b></p>	<p>2</p>
<p><b>61. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:</b></p>	<p>3</p>
<p><b>62. Enter the total number of interviews conducted with inmates/residents/detainees who are Blind or have low vision (i.e., visually impaired) using the "Disabled and Limited English Proficient Inmates" protocol:</b></p>	<p>0</p>
<p><b>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</b></p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>

<p><b>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</b></p>	<p>The rural location of the facility led to a very limited number of the targeted inmate population interviews. This auditor made attempts to identify this specialized population by reviewing random samples of classification and screening documentation over the last 12 months as well interviewing medical staff and inquiring with the inmate population during the onsite tour.</p>
<p><b>63. Enter the total number of interviews conducted with inmates/residents/detainees who are Deaf or hard-of-hearing using the "Disabled and Limited English Proficient Inmates" protocol:</b></p>	<p>0</p>

## SITE REVIEW AND DOCUMENTATION SAMPLING

### Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

**84. Did you have access to all areas of the facility?**

Yes

No

**Was the site review an active, inquiring process that included the following:**

**85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?**

Yes

No

**86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?**

Yes

No

**87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?**

Yes

No

**88. Informal conversations with staff during the site review (encouraged, not required)?**

Yes

No

<p><b>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</b></p>	<p>No text provided.</p>
--	--------------------------

**Documentation Sampling**

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<p><b>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</b></p>	<p><input checked="" type="radio"/> Yes <input type="radio"/> No</p>
--	--

<p><b>91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</b></p>	<p>No text provided.</p>

**SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY**

**Sexual Abuse and Sexual Harassment Allegations and Investigations Overview**

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

**92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	<b># of sexual abuse allegations</b>	<b># of criminal investigations</b>	<b># of administrative investigations</b>	<b># of allegations that had both criminal and administrative investigations</b>
<b>Inmate-on-inmate sexual abuse</b>	8	0	8	0
<b>Staff-on-inmate sexual abuse</b>	1	0	1	0
<b>Total</b>	9	0	9	0

**93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	<b># of sexual harassment allegations</b>	<b># of criminal investigations</b>	<b># of administrative investigations</b>	<b># of allegations that had both criminal and administrative investigations</b>
<b>Inmate-on-inmate sexual harassment</b>	18	0	18	0
<b>Staff-on-inmate sexual harassment</b>	25	0	25	0
<b>Total</b>	43	0	43	0

## Sexual Abuse and Sexual Harassment Investigation Outcomes

### Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

#### 94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
<b>Inmate-on-inmate sexual abuse</b>	0	0	0	0	0
<b>Staff-on-inmate sexual abuse</b>	0	0	0	0	0

<b>Inmate-on-inmate sexual abuse</b>	0	7	1	1
<b>Staff-on-inmate sexual abuse</b>	0	1	0	0
<b>Total</b>	0	8	1	1

### Sexual Harassment Investigation Outcomes

Note: these counts should reflect where the investigation is currently. Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual harassment investigation files, as applicable to the facility type being audited.

**96. Criminal SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:**

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
<b>Inmate-on-inmate sexual harassment</b>	0	0	0	0	0
<b>Staff-on-inmate sexual harassment</b>	0	0	0	0	0

	<p>The Southwest Regional Jail Authority employees 1 Lieutenant who serves as the PREA Coordinator and oversees 4 separate facilities and 4 PREA Compliance Managers, 1 placed at each facility. The PREA Coordinator and the PREA Compliance Manager were interviewed during the on-site portion of this audit and both stated that they had sufficient time and authority to coordinate the facilities efforts to comply with the National PREA standards. The PREA Compliance Manager's Employee Work Profile was reviewed verifying that this employee was listed in the upper chain of command.</p> <p>Agency Standard Operating Procedure 2.01 <i>Prison Rape Elimination Act</i> mandates zero tolerance toward all forms of sexual abuse and sexual harassment and outlines Southwest Regional Jail’s approach to preventing, detecting, and responding to such conduct. The Operating Procedure provides descriptive definitions of terms used and clearly identifies the investigative measures and actions that will be taken against staff, contractors and volunteers for allegations of sexual abuse and sexual harassment. Termination and prosecution will be the presumptive actions for all</p>

	<p>Although the SWRJA maintains a contract with the United States Marshall Services in order house Federal inmates within the Agency's Abingdon Facility, the Agency does not contract with another entity for the confinement of local assigned inmates that were convicted within it's jurisdiction. Therefore this standard is deemed NonApplicable.</p> <p>Policy, Documentation and other evidence reviewed to determine compliance:</p> <ul style="list-style-type: none"> <li>• Contract with US Federal Marshalls Service</li> <li>• Interview with Superintendent and PREA Coordinator</li> </ul>

<b>115.13</b>	<b>Supervision and monitoring</b>

	<b>Auditor Discussion</b>
	<p>A comprehensive review was conducted of the Agency’s vacancy rates, staffing plans and daily duty rosters, The SWRJA Abingdon facility employees a total of 155 full time employees to include contract employees.</p> <p>Security staff are assigned to 2 breaks that work 12 hour shifts and 1 break that works 8 hour shifts, 5 days per week. Shift staffing ratios are as follows:</p> <ul style="list-style-type: none"> <li>• A Break Days: 30</li> <li>• A Break Night: 28</li> <li>• B Break Days: 30</li> </ul>

- B Break Nights: 28
- 5 & 2 Shift: 13

The only staffing deviations found were officer call ins and emergency transportation runs. These deviations were listed in the SWRJA Abingdon facility Annual Staffing Plan Review that was conducted in January 2024 and covered all stipulations required for compliance with this standard.

It was also taken into consideration that the SWRJA Abingdon facility deploys an extensive video monitoring system that aides in the supplementation of staffing levels. The video monitoring is conducted by housing unit control rooms that are manned 24 hours per day. This was verified by reviewing a schematics blue print that identifies the placement of cameras throughout the facility, reviewing video monitors in control rooms during the onsite portion of the audit and reviewing sampling of daily duty rosters during the last 12 months to ensure adequate staff coverage.

Review of Standard Operating Procedure *12.12 Staff Training* and observation of the computerized Jail Tracker system, which tracks and logs all rounds conducted throughout the facility, verifies that supervisors are conducting unscheduled unannounced rounds in an attempt to identify and deter incidents of sexual abuse and harassment.

Based on final review of the Annual Staffing Plan Memorandum, daily duty rosters and interviews with the PREA Coordinator, the facility PREA Compliance Manager and the Superintendent, it was determined that the facility was making a best faith effort to comply with standard 115.13 in order protect inmates from incidents of sexual abuse and sexual harassment.

Documentation and other materials reviewed to determine compliance:

- Annual Staffing Memorandum
- Daily Duty Rosters
- Jail Tracker System
- Onsite Observations
- Facility Blue Print with Camera Schematics

	<p>The SWRJA Abingdon Facility does not house juvenile offenders unless the juvenile offender has been adjudicated. There were no youthful offenders housed at this facility during the time of this audit or in the last 12 months leading up to this audit. This was determined by review of Offender Summary Reports which contains each inmates's date of birth, and observations made during the onsite portion of the audit tour. The facility is equipped to house youthful offenders and review of policy <i>27.01 Youthful Offenders</i> clearly portrays the actions that need to be taken in the event the facility receives a youthful offender.</p> <p>Documentation, policies and other materials reviewed to determine compliance:</p> <ul style="list-style-type: none"> <li>• Standard Operating Procedure 27.01 Youthful offenders</li> <li>• Standard Operating Procedure 12.08 Inmate Movement</li> <li>• Facility Memorandum Stating No Youthful Offenders Housed During Audit Period</li> <li>• Review of Offender Summary Reports for the last 12 months</li> </ul>

	<b>Auditor Discussion</b>
	<p>Review of Standard Operating Procedure <i>12.10 Searches of Inmates</i> and Facility and Standard Operating Procedure <i>10.02 Bathing, showers and hair care</i> verifies that SWRJA Abingdon Facility has policies and procedures that enable inmates to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks.</p> <p>Observation during the onsite portion of the audit revealed that staff was announcing members of the opposite sex before entering the housing areas or any area where inmates may be disrobed. Furthermore, during interviews, inmates did confirm that staff of the opposite sex announced their presence when entering housing units and that they felt comfortable, verifying that this section of the standard had been institutionalized. Shower and bathroom areas were observed during the onsite portion of the audit and revealed that inmates were afforded adequate privacy.</p> <p>Review of the video monitoring systems in the control rooms revealed that the facility had developed a strategically placed censored privacy zone for all shower and toilet areas to reduce the risk of incidental camera viewing by control room staff.</p>

	<p>Standard Operating Procedure 12.10 <i>Searches of Inmates and facility</i>, states that the facility does not conduct cross-gender strip searches or cross gender visual body cavity searches, or examine transgender or intersex inmates for the sole purpose of determining their sex.</p> <p>Cross Gender Pat down searches are only conducted in exigent circumstances such as court appearances and transportation runs and are properly documented on an incident report. There were 10 instances of cross gender pat down searches occurring at this facility during the 12 month audit cycle and each incident was documented on an incident report with the Officer giving justification as to the purpose of such search.</p> <p>Review of training records verify that all staff are properly trained in pat down searches upon employment with the Agency and receive refresher training annually.</p> <p>Documentation and materials and other evidence reviewed to determine compliance:</p> <ul style="list-style-type: none"> <li>• Standard Operating Procedure 12.10 Searches of inmates and Facility</li> <li>• Standard Operating Procedure 10.02 Bathing, Shower and Hair Care</li> <li>• Staff training Power Point</li> <li>• Staff and Offender Interviews</li> <li>• Observations made during audit tour of Facility</li> </ul>

	Review of Standard Operating Procedures <i>18.06 Inmate Medical Care, MG-03 Sexual</i>

*Assault* and Investigative files, verifies that administrative investigations concerning sexual abuse and sexual harassment are conducted by trained investigators at SWRJA Abingdon Facility using the proper uniformed evidence protocols and preponderance of the evidence as in accordance with this standard as well as training set forth by the National Institute of Corrections.

Review of Standard Operating Procedure MG 03 Sexual Assault and the facilities Initial Response Team Protocols clearly identifies each department's duties when responding to an incident of sexual assault/abuse to include First Responder duties. It was further noted that all security staff were required to carry a "First Responder Pocket Guide" that provides step by step instructions to follow in the instance of a case of sexual abuse/assault.

All investigations that are found to be criminal in nature are immediately forwarded to the Virginia State Police for further investigation and possible criminal prosecution. This auditor reviewed a Memorandum of Understanding between the SWRJA and the Virginia State Police entered in January of 2016. This memorandum identifies each entities responsibility during the course of a sexual abuse investigation and does state that the Virginia State Police will act in accordance with the investigative requirements of the Prison Rape Elimination Act.

There were no cases that warranted a criminal investigation during the 12 month audit period however, review of administrative investigations verified that the facility was conducting adequate investigations by properly trained investigators.

The SWRJA Abingdon Facility has identified Carillion Hospital and Russell County Hospital in order to provide a certified SANE Nurse in the instances of all sexual assaults. Documentation was presented that confirmed that both hospitals provided these services. The offsite assessment and care is to be rendered by a forensic medical exam nurse and appropriate emergency contraception and sexually transmitted prophylaxis is provided at no expense to the alleged victim.

The facility provides inmates with access to outside victim advocates for emotional support services related to sexual abuse by giving inmates mailing addresses and telephone numbers, including a toll-free hotline number that directly links the inmate to a certified victim advocate through Highlands Community Services. Review of a MOU entered in June of 2022 verified these services. The Memorandum of Understanding between the SWRJA and Highlands Community Services will be dissolved at the end of 2024 and the agency has entered into a Memorandum of Understanding with Family Crisis Support Center in Norton Virginia in order to continue uninterrupted victim advocacy services to inmate victims. This auditor reviewed the MOU and conducted a telephone interview with an advocate from the agency who verified the following services are being provided:

- Provide emotional support, crisis intervention and supportive counseling to inmates who make allegations of sexual abuse.
- Provide a victim advocate to accompany and support inmates during forensic and medical examinations

	<ul style="list-style-type: none"> <li>• Provide emotional support through investigatory interviews and provide educational information and referrals</li> </ul> <p>Review of the facility's investigative files revealed that all inmates who make an allegation of sexual abuse are offered victim advocacy services and their responses are documented. <b>115.41</b>	<b>Screening for risk of victimization and abusiveness</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>Based on this auditor’s review of Standard Operating Procedure <i>9.01 Classification</i>, The SWRJA Screening and Classification Tool and onsite interviews with classification staff and inmates, it was determined that the facility was properly screening inmates within 72 hours of reception using an objective screening tool that considers at a minimum the following:</p> <ol style="list-style-type: none"> <li>1. Whether the inmate has a mental physical or developmental disability</li> <li>2. The age of the inmate</li> <li>3. The physical build of the inmate</li> <li>4. Whether the inmate has previously been incarcerated</li> <li>5. Whether the inmate’s criminal history is exclusively non-violent</li> <li>6. Whether the inmate has prior convictions for sex offenses against an adult or child</li> <li>7. Whether the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex or gender non-conforming</li> <li>8. Whether the inmate has previously experienced sexual victimization</li> <li>9. The inmates own perception of vulnerability</li> <li>10. Whether the inmate is detained solely for civil immigration purpose</li> </ol> <p>The classification screening tool is a points based system ranging from 1 (lowest) to</p>

14 (highest). The calculations are determined by the individual's answers to the above questions. The assessment is conducted during the booking process by trained classification staff and disseminated only to Medical, Mental Health, PREA Compliance Manager and the Agency PREA Coordinator.

All inmates are screened for the risk of sexual victimization or sexual aggression in the booking area of the jail upon intake and the information is calculated and stored electronically through a computerized program titled "Jail Tracker." Inmate housing assignments are derived from the points scored during the screening in order to ensure that potential victims are not being housed with potential aggressors. If an inmate scores in one of the specialized categories, an alert is triggered in the Jail Tracker system ensuring the proper separation of housing assignments.

During the onsite portion of the audit, this auditor was given an overview of each step of the booking and classification process and was provided with sample documentation of housing assignments for inmates whose scores triggered an alert in the system.

Review of disciplinary records and interviews of staff revealed that Inmates are not disciplined for refusing to answer or for not disclosing information to the questions asked.

Inmate reassessments are being captured during the mandatory 14-day medical/mental health assessment and any changes to responses are immediately forwarded to the facility PREA Compliance Manager and the Jail Superintendent for possible housing and/or program reassignment. Reassessments for offender's whose internal status changes warranted a new review were also being conducted in accordance with this standard.

Documentation, policies and other materials reviewed to determine compliance:

<b>115.42</b>	<b>Use of screening information</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>

Based on review of the SWRJA screening and classification tool as well as documented facility housing and alert reports, it was determined that the facility is making appropriate individualized housing assignments based on the pertinent information obtained, in order to keep separate inmates who are at a high risk of being victimized from inmates that are at a high risk of being sexually abusive.

During the onsite portion of the audit, there were no inmates being housed at the Abingdon Facility who had reported past victimization during the last 12 months. However, this auditor was able to review documentation of prior inmates that did report past victimization and confirmed that the facility screening and housing of these inmates were accurately made in accordance with the points based screening and classification tool. If an inmate scores within one of the targeted high risk ranges, the classification is placed into the computerized Jail Tracker system. The system triggers an alert to selected staff to ensure that inmates classified as a high risk for sexual victimization is not housed or programmed with an inmate who classifies as a high risk to be sexually abusive.

Standard Operating Procedure 9.01 Classifications clarifies that; Transgender or Intersex offender's views pertaining to their own safety shall be given serious consideration and that they will be allowed to shower separately from the rest of the population and, that all housing assignments for Transgender or Intersex offenders are made by the Facility PREA Review Committee on a case by case basis with final authorization coming from the Superintendent. The committee considers the health, safety and security problems while making these determinations. All Transgender and Intersex offenders are reassessed every 6 months by the PREA Review Committee to review threats of safety for the inmate. Southwest Regional Jail Authority does not place lesbian, gay, bisexual; transgender or intersex inmates in segregated housing based solely their identification or status.

During the 12 month audit cycle, the facility reported 12 inmates who identified as LGB and 0 inmates who identified as Transgender or Intersex. This was verified by reviewing random samples of intake screening and classifications and interviews with staff and inmates during the onsite portion of the audit.

	<p>Based on review of <i>14.02 Protective Custody Operations</i>, staff and inmate interviews, Screening and Classification Alert Reports and Housing Assignment Review forms, it was determined that SWRJA Abingdon Facility had not place inmates that are at high risk for victimization into involuntary segregation or protective custody during the 12 month audit cycle.</p> <p>Standard Operating Procedure 14.02 Protective Custody Operations states that Inmates can request to be placed in protective custody by completing a Request for Protective Custody form. This form will be reviewed by the Facility PREA Review Committee and forwarded to the Superintendent for final authorization. Inmates can also be placed in protective custody involuntarily for their own protection. This must be approved by the Agency Superintendent. Inmates who are involuntarily placed in protective custody based on their vulnerability for sexual abuse or harassment, are monitored by the Agency PREA Review Committee and such placement will not exceed 30 days. <b>115.51</b>	<b>Inmate reporting</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>Inmates at SWRJA Abingdon facility are given “how to report” information in the inmate handbook which they receive upon intake. The handbook states that the inmate can report allegations to staff or through an internal, confidential sexual abuse hotline, or by verbal, written or third party communications. It was also noted during the onsite tour that this information is also provided through the Inmate Kiosk and tablet system as well as posters and flyers posted throughout the facility. All inmates</p>

interviewed during the onsite portion of the audit were knowledgeable pertaining to the different reporting avenues available. This was further verified by review of investigative files.

The visitation area, front lobby and agency website contains information that advises family members and visitors how to report 3rd party claims of sexual abuse and harassment.

The SRJA Agency provides an internal hotline through the inmate phone system with the sole purpose of reporting allegations of sexual abuse and/or sexual harassment. Inmates can either identify themselves or remain anonymous and leave a detailed message. Once an allegation is made over this system, a computerized alert is distributed to the Agency Superintendent, the Agency PREA Coordinator, the Facility Chief of Security and the Facility Investigator. This auditor conducted testing of the inmate phone system and found this service to be operational.

In past years, the SWRJA utilized Highlands Community Services in order to provide inmate reporting of sexual abuse/harassment allegations to an external private entity. Due to the language and information shared in the FAQ section of the National PREA Standards which states that any agency federally funded under the Violence Against Women Act (VAWA, 34 U.S.C. 12291(b)(2)), the Family Violence Prevention and Services Act (FVPSA, 42 U.S.C. 10406(c)(5)), or the Victims of Crime Act Victim Assistance Program (VOCA Assistance, 28 C.F.R. § 94.115) would not qualify under this standard's requirements. These Acts require the agency to keep identifying information about victims confidential in accordance with Federal Law. The only limited exceptions to this requirement are when the victim signs an informed, written, time-limited release, or when release is required by a legal (court or statutory) mandate. This requirement to keep confidential identifying information about victims, conflicts with the requirement of PREA Standard 115.51(b) to be able to immediately forward reports of sexual abuse and sexual harassment to agency officials. Highlands Community Services is partially funded under these acts and therefore could not qualify as an external reporting entity as defined in this standard without first obtaining written informed consent. Due to these requirements, the contract between the SWRJA and Highlands Community Services will expire this year.

During the 1st phase of the audit, this auditor did work with the SWRJA Agency PREA Coordinator in order to assist in securing another service contract with a private organization to provide external reporting services however, due to the grant stipulations listed above as well as the rural location of the SWJRA, there were no external reporting agencies available. The Agency PREA Coordinator did present this auditor with a report of agencies contacted which are uploaded to this report.

Based on supporting documentation, the Agency's efforts to provide numerous reporting avenues and the fact that the Highlands Community Services contract remains active, this auditor finds that the Agency has made best faith efforts in its attempts to secure an external private reporting agency and is compliant with this

<b>115.53</b>	<b>Inmate access to outside confidential support services</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	The SWRJA Abingdon Facility provides inmates with access to outside victim

advocates for emotional support services related to sexual abuse by giving inmates mailing addresses and telephone numbers, including a toll-free hotline number that directly links the inmate to a certified victim advocate through Highlands Community Services. Review of a MOU entered in June of 2022 verified these services. The address and hotline numbers are clearly posted in housing units, on inmate kiosk and in the inmate orientation handbook.

During the onsite portion of the audit, this auditor did test the inmate phone system and spoke to a victim advocate with HCS who verified that these services are provided. The Memorandum of Understanding between the SWRJA and Highlands Community Services will be dissolved at the end of 2024. In June of 2023, the SWRJA entered into a Memorandum of Understanding with Family Crisis Support Center in Norton Virginia in order to continue uninterrupted victim advocacy services to inmate victims. This auditor reviewed the MOU and conducted a telephone interview with an advocate from the Agency who verified the following services are being provided:

1. Provide emotional support, crisis intervention and supportive counseling to inmates who make allegations of sexual abuse.
2. Provide a victim advocate to accompany and support inmates during forensic and medical examinations
3. Provide emotional support through investigatory interviews and provide educational information and referrals

The SWRJA Abingdon Facility does enable reasonable communication between inmates and these organizations and agencies, in as confidential a manner as possible and informs inmates, prior to giving them access, of the extent to which such communications will be monitored and to the extent to which reports of sexual abuse will be forwarded to authorities in accordance with the State of Va. mandatory reporting laws.

The facility had 2 documented instances during the audit cycle where an inmate requested and spoke with a victim advocate.

<b>115.78</b>	<b>Disciplinary sanctions for inmates</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>Review of Standard Operating Procedure <i>13.01 Inmate Conduct/Discipline</i> clarifies that inmates are subject to administrative disciplinary sanctions and/or criminal prosecution depending on the status of any sexual activity. Sanctions commensurate with the nature and seriousness of the offense committed and depending on if the sexual activity was consensual.</p> <p>The administrative disciplinary process considers whether an inmate’s mental disabilities contributed to the nature of the offense and what, if any sanctions should be imposed.</p> <p>The SWRJA Abingdon Facility does not discipline inmates for making a report of sexual abuse/sexual harassment in good faith nor does the facility discipline inmates for sexual contact with staff unless the staff member did not consent to such act.</p> <p>There were no instances of inmates being charged with performing sexual acts, either consensual or non- consensual during the audit cycle however, this auditor did interview the Facility Hearings Officer to ensuring compliance with this standard.</p> <p>Documentation, policies and other materials reviewed to determine compliance:</p> <ul style="list-style-type: none"> <li>• Standard Operating Procedure 13.01 Inmate Conduct/Discipline</li> </ul>

All transferred in inmates receive a follow up Mental Health Evaluation within 14 days of their arrival at the facility. Subsequently, the follow up re assessment for an inmate’s risk of sexual victimization occurs during this session as well, succeeding the initial screening during the intake process.

Mental Health Staff reevaluate the inmate’s risk of sexual victimization as well as any past history of sexual abuse. If the Mental Health Clinician determines that an inmate is at a high risk of sexual victimization, predation or has experienced past sexual abuse, the Mental Health Clinician will notify the PREA Coordinator. The PREA Coordinator, in collaboration with the Mental Health Clinician and facility Counselor will conduct another screening of the inmate utilizing the Facility’s Classification Screening Tool in order to determine the appropriate housing for the inmate as well further counseling services.

If the inmate is within the criteria listed in the Code of Va. Mandatory Reporting Laws, the Mental Health Clinician will notify the proper authorities. There were no instances where inmate disclosed past sexual victimization upon intake at the facility during the audit cycle.

Based on review of Standard Operating Procedure 2.01 PREA, classification screenings and Interviews with the Mental Health Clinician, the Health Services Administrator and the PREA Coordinator, this auditor finds the SWRJA Abingdon Facility is compliant with this standard.

	The agency has published on its agency website, if it has one, or has otherwise made publicly available, all Final Audit Reports. The review period is for prior audits completed during the past three years PRECEDING THIS AUDIT. The pendency of any agency appeal pursuant to 28 C.F.R. § 115.405 does not excuse noncompliance with this provision. (N/A if there have been no Final Audit Reports issued in the past three years, or, in the case of single facility agencies, there has never been a Final Audit Report issued.)	yes
